ADBC announcing Bridge Courses and Workshops

Pre-registration is required for any of our multi-week courses and requested for single-day event via our website, email or by phone. ADBC will also start holding a year-around open registration for the following bridge courses for all levels effective October 1, 2011.

A variety of single-day concentrated lectures and workshops will also be offered on various subjects. Check each course or workshop details for cost, duration, and instructor details. Each workshop or lecture will have portions of it on vu-graph style projection screen, as well as pre-dealt workshop hand booklets for all the attendees. Complete workshop content will also be available in full electronic format during or after the event.

ADBC will also host once-a-month intermediate and advanced workshops by Kate McCallum starting January 2012. Mrs. McCallum holds the highest WBF title of World Grand Master. She has represented US in several international competitions and won 5 gold medals, multiple silver and bronze medals and earned numerous national titles spanning across a long and successful bridge career. KTM series workshops are intended to be a day of bridge. Workshops are followed by lunch and the regular pair game of the day (included in the cost of the workshop). A question and answer session by Mrs. McCallum will also follow the afternoon game and finalize the workshop. ADBC is very excited to offer Ms. McCallum's series.
